Education

Pranveer Singh Institute of Technology Kanpur, India
B.Tech. in Computer Science and Engineering — CGPA: 8.0/10 2024 – 2028

Technical Skills

- **Programming Languages:** Java, Python, C
- **Web Technologies:** HTML, CSS, JavaScript
- **Database:** SQL
- **Core Computer Science:** Data Structures, Algorithms, Operating Systems, Computer Organization and Architecture, Design and Analysis of Algorithms, Machine Learning

Experience

Web Development Intern – Prodigy Infotech Remote
Web Development Internship Aug 1, 2026 – Aug 31, 2026

- Currently working on web development tasks involving HTML, CSS, and JavaScript.
- Developing responsive and user-friendly web interfaces as part of the internship.
- Applying front-end development concepts to build and improve web-based projects.

Projects

Responsive Web Page HTML, CSS, JavaScript

- Designed and developed a responsive web page that adapts to different screen sizes and devices.
- Implemented structured layouts and modern styling using **HTML and CSS**.
- Added interactive elements using **JavaScript** to improve user experience.
- **GitHub:** Project Repository

Stopwatch Web Application HTML, CSS, JavaScript

- Developed a responsive stopwatch application using **HTML, CSS, and JavaScript**.
- Implemented start, pause, and reset functionality using JavaScript event handling and timing functions.
- Created a clean and responsive interface that works across different screen sizes.
- **GitHub:** Project Repository

Tic-Tac-Toe Game HTML, CSS, JavaScript

- Built an interactive **Tic-Tac-Toe** game using HTML, CSS, and JavaScript.
- Implemented game logic to track player moves, determine winning conditions, and identify draw situations.
- Designed a responsive and user-friendly game interface with interactive board elements.
- **GitHub:** Project Repository

Achievements

- Solved **100+** problems on **LeetCode**, demonstrating consistent practice in Data Structures and Algorithms.

Certifications

- **Programming using Java** – Infosys Springboard July 2026
- **Object Oriented Programming using Python** – Infosys Springboard July 2026
- **C Programming Course** – Infosys Springboard September 2024
- **Oracle Learning Explorer** – Oracle

Relevant Coursework

Data Structures	Operating Systems	Computer Organization & Architecture
Design & Analysis of Algorithms	Machine Learning	Database Management / SQL
